2. Massage appointments can only be made up to 4 weeks in advance.
3. Please arrive 10 minutes before your scheduled appointment time.
4. This massage is given in a professional office, tipping is not mandatory or expected. If you want to tip the therapist, it is permitted. Thank You.
5. Communication is extremely important with the therapist. Discuss any related conditions to your treatment in the clinic. This communication will ensure a safe and pleasurable massage.
